Dear Mr Kelly *John*

UBER EATS PARKING ZONE

I refer to Tuesday's site meeting at Burnett Place with yourself, Alderman Zucco and Council Parking and Traffic Officers and confirm that the following will be put in place in an attempt to alleviate the present situation with Uber Eats delivery vehicles in time zones in Elizabeth Street, particularly between Burnett and Letitia Streets:

- A dedicated "food delivery providers" parking zone will be installed in Burnett Place specifically for the use of Ubers Eats delivery vehicles.
- The zone will accommodate up to five vehicles and operate between the hours of 11.00am – 9.00pm seven days per week.
- The Council will contact Uber Eats directly to advise them of the parking zone and request that they direct their registered operators to the location when operating in the North Hobart area.
- Parking Officers from the Council will personally approach and speak with all Uber Eats drivers and hand them out a flyer directing them to the new location.
- Parking Officers from the Council will also deliver the flyers to all businesses in North Hobart that currently subscribe to the Uber Eats service.
- Parking officers will also personally visit and speak with operators of businesses currently adversely affected by the parking of Uber Eats vehicles in Elizabeth Street.
- Parking Officers will continue to perform daytime and evening parking patrols in both Elizabeth Street and the new parking zone in Burnett Place.

In closing, if you have any questions or require further clarification, please contact Matthew Tyrrell on 0408 481 944.

Yours sincerely

(N. D. Heath)
